

## CALL FOR APPLICANTS 2014 AGRO EDUCATION AWARDS Sponsored by Bayer CropScience

### UNDERGRADUATE & GRADUATE STUDENT RESEARCH

Support for Poster Presentations

At the 13<sup>th</sup> IUPAC International Congress of Pesticide Chemistry  
August 10-14, 2014, San Francisco, California

The AGRO Division has established an endowment fund in collaboration with Bayer CropScience that will be used to promote an understanding of the role of chemistry in agriculture. To address this goal, awards will be made through the Division's Education Committee.

Proposals are sought for the 2014 awards. Selected US and International undergraduate and graduate students will be awarded up to \$700 each to help defray costs of attendance to give poster presentations at the 13<sup>th</sup> IUPAC International Congress of Pesticide Chemistry, which will be held August 10 – 14, 2014 in San Francisco, California as part of the ACS National Meeting.

The subject of the presentation should pertain to the chemistry of the AGRO Division. Topics should relate to pest management chemistry including synthesis, metabolism, regulatory, biotechnology, delivery, risk assessment, resistance, residues, mode of action, fate/behavior/transport, and agronomic practices. The AGRO Division is also interested in chemical products made from agricultural commodities and byproducts, including biofuels and the issues surrounding their production.

**To apply, a student should submit the following to be received no later than March 17, 2014:**

1. An abstract formatted according to the directions given on the ACS website. Be sure to include name (of applicant), address, and e-mail address.
2. A two page extended abstract giving more detail of the research/presentation. See Example File for format.
3. A short letter of nomination from the faculty advisor.

Submit item 1 to the ACS PACS abstract submission website.
